- Easy installation and configuration

Overall information

With **Magento Promotional Banner** module you can enhance your website with eye-candy promotional banners that you can coincide with almost any holiday!

The module contains nine different predefined themes which you can select from and thus always be ready for almost every popular event without any additional efforts!

The module is really easy to use and requires no special skills for installation.

Choose the theme which suits the event best, assign the products you wish to promote and – voila! – the banner is already on your website!

2. How to Configure

To enable and configure the module log into your Magento administration panel and go to **Stores -> Configuration -> Promotional banner**.

The module offers the following settings to configure:

- **Enable for Frontend** – enable the module;
- **Event** – select the theme which suits the event;
- **Position** – specify the position of the banner on a page;
- **Products SKUs** – assign products you wish to promote;
